

South Tyrol weather bulletin Friday, 17.07.2026

Forecast for today, Friday 17.07.2026

Sun and thunderstorms

Reliability: 80 %

Forecast for today

South Tyrol will be affected by masses of warm, unstable air. It will be fairly sunny to start with. There may be some thunderstorms later in the day, with the most frequent occurring in the afternoon. Temperatures will fall slightly, with highs of between 25° and 31°.

Outlook for the next days

Sunday 19.07.2026

10° / 19° | 22° / 31°

Sunday will also be mainly sunny, with a few showers - some of which may be thunderstorms - in the afternoon. A Föhn wind will blow in the northern valleys.

Monday 20.07.2026

9° / 17° | 22° / 30°

On Monday, the weather will be mainly sunny with temperatures falling slightly.

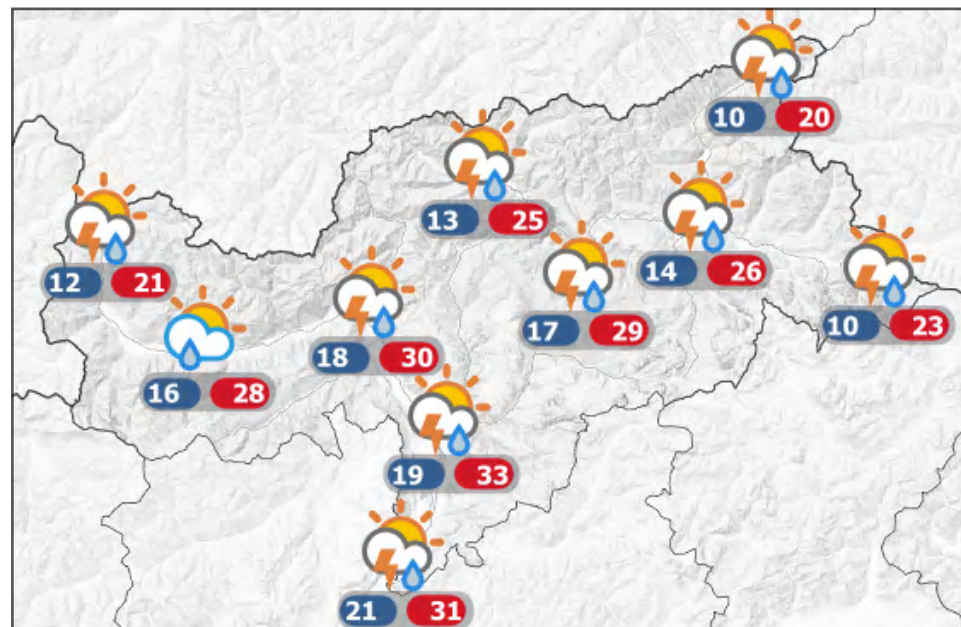

Tuesday 21.07.2026

9° / 16° | 21° / 30°

On Tuesday, too, the weather will be mainly sunny thanks to a northerly wind.

Forecast for tomorrow, Saturday 18.07.2026

Reliability: 70 %

Forecast for tomorrow

Saturday will start off sunny, followed by a likelihood of thunderstorms once again.
